

# Cognos Education e-Learning Offerings

## The right training for the right users at the right time

Cognos e-Learning courses provide a convenient and cost-effective way to train individual users or to reach out to a large or globally diverse end-user community. Whether you are looking for off-the-shelf materials in the form of computer based training (CBT), recorded lectures from subject matter experts, the convenience of live virtual classroom training delivered to your desktop, or custom multimedia solutions ideal for user adoption, Cognos Education has the right solution for you.

### Your Business Benefits

- Access to latest content with little or no distribution costs
- Available anytime, anywhere in consumable lessons
- Uniform delivery of knowledge and learning across the enterprise
- Learning is on-going, not a point-in-time event
- Engaging and high-impact with rich multimedia and interactivity
- Scalable and cost-effective training solution

### Cognos Education e-Learning Offerings

You can choose from a variety of solutions to meet and complement your overall training requirements. You can choose from:

#### Computer-Based Training

- Convenient and cost-effective learning and instruction
- Intuitive and instructionally sound user interface
- Ideal for business users – report authors, consumers, and business analysts
- Deployable on CD-ROM, web servers or LMS

#### Recorded Lectures

- Anytime access to technical content, recorded product demonstrations, and product simulations
- Short tutorials ideal as refreshers
- Effective for training on new features and/or in-depth topics

#### Multimedia Vignettes

- Customized e-Learning content using customer's business process and application data
- Ideal for implementations with dispersed audiences or during phased rollouts
- Included as part of the User Adoption Services solution

#### Instructor-led Online

- Offers a similar experience to live classroom training but delivered directly to student's desktop
- Full access to hands-on exercises
- Ideal for upgrade training or globally diverse audiences

#### Our Popular e-Learning Titles
